AMENDMENT DELETING INVENTOR UNDER 37CFR § 1.48(b)

Sir:

In a telephone response to restriction requirement on August 13, 2003 in the above parent application to the present divisional application, the undersigned elected claims 1-41, and cancelled claims 42-51. This resulted in a change in inventorship for the cancelled claims 42-51 which are the subject of this divisional application upon entry of the accompanying Preliminary Amendment. It is requested that the inventorship be corrected by deleting Ketao Liu, Yeong-Wei A. Wu and Rongsheng Li as inventors in this divisional application. It is acknowledged that messrs. Liu, Wu and Li's invention is no longer being claimed in this divisional application.
